## *Is The Jewish Chronicle A Diseased Organ?*

A point by point reply to, and refutation of, Julian Kossoff's smear article.

You cannot hope to bribe, no way,  
The Jewish journalist, oy vay!  
But if he is a friend of Gable,  
Don't believe his wicked fable.

Board says hoax letter should be given to police

# Anti-Semites ask for cash in latest sophisticated forgery

BY JULIAN KOSSOFF

Recipients of an elaborate anti-Semitic hoax letter, which requests donations to a fictitious organisation, were this week told by the Board of Deputies to hand the material to the police.

Mike Whine, the Board's defence director, said this latest wave of sophisticated forgeries was part of a long-running campaign by unknown anti-Semites to "incite hatred against Jews."

The letter has been sent to members of the community and asks them to donate money to "Anglo-Hebrew Publishing," giving the address of a London post office box. It suggests a minimum contribution of £1,000.

The letter's businesslike tone contrasts sharply with an accompanying leaflet entitled, "The War against Halahkah (sic)."

This includes pornographic descriptions of New York's gay scene and attacks on homosexuals and "perverts."

It also strongly criticises "the breakdown of the extended family, rising crime and delinquency (especially but not exclusively) among black youths, the high divorce rate among Christians, the subversion of the Church of England and so on."

However, signs that the leaflet is a hoax include a picture on the front cover of the notorious Tsarist anti-Semitic forgery, "The Protocols of the Learned Elders of Zion."

The cover's cartoon, which depicts a serpent encircling the world, includes a picture of Gerry Gable, the Jewish editor of the anti-Fascist magazine, *Searchlight*, at its head, rather than the traditional crude caricature of a Jewish face.

Inspector John Brown — the Scotland Yard officer responsible for police relations with the Jewish community — linked the latest letter with two previous hoaxes distributed in recent months.

He added: "There is no question that the people responsible for these leaflets are not the normal, mindless morons involved in racist activity." The police are continuing their investigation into the spate of hoaxes, but as yet, no arrests have been made.

And here is a point by point refutation:

1) The mailing actually consisted of a fund raising letter, a donation/inquiry form and a four page pamphlet entitled *The War Against Halahkah*. The front page of the pamphlet was illustrated with a number of anti-Semitic cartoons and a book cover which were reproduced as typical of the anti-Jewish poison which is being circulated in Britain today.

2) No part of the entire mailing could possibly be construed as anti-Semitic except to a diseased mind or to someone suffering from acute paranoia. The mailing is in no sense a hoax; the "fictitious organisation" (Anglo-Hebrew Publishing) does exist and is in fact registered as a publisher with the Whitaker Bibliographic Service. An ISBN appears on the back page of *The War Against Halahkah*, as on the back page of this publication.

3) The letter is said to be a forgery. A forgery of what, we might ask?

4) The letter is said to be sophisticated. We plead guilty to sophistication.

5) In the article, it is claimed by Mike Whine, the so-called "defence director" of the Board of Deputies of British Jews, that the letter is part of a "long-running campaign by unknown anti-Semites to 'incite hatred against Jews.'"

*The War Against Halahkah* is not part of any campaign. It is simply an introductory leaflet to Anglo-Hebrew Publishing and an offer to subscribe capital to the new company.

Anglo-Hebrew Publishing has no connection with any anti-Semitic organisations, nor will it ever have except to expose their evil philosophy. *The War Against Halahkah* can in no sense be said to be a vehicle for anti-Semitism, or indeed for hate of any kind.

Mike Whine may speak for the fanatically Zionist Anglo-Jewish establishment, but he does not speak for Orthodox Jews. Nor does the *Jewish Chronicle*.

6) The mailing has indeed been sent to members of the Jewish community, and is still being sent to them. We obtained our mailing list from a reputable Orthodox Jewish source. An Orthodox Rabbi sits on our editorial committee; this fact alone refutes this libellous article in its entirety.

7) The suggested donation of £1,000 is misleading. This, as stated, is a reference to an offer to recipients to subscribe share capital to the company. Donations of any size are welcome; subscriptions for six issues (of our pamphlets) are £10 for individuals, £15 for institutions.

8) *Halahkah* is a valid transliteration of the "Law". Transliteration of many Hebrew words vary. For the *Jewish Chronicle* we recommend this transliteration of another Hebrew word: *treifeh*.

9) There are no pornographic descriptions included in the mailing. These "descriptions" are extracts from a scholarly work on homosexuality. Here is one of them:

"Alex, on the other hand, does not fast before going to the bath. He takes repeated enemas until the lower bowel tract is clean. During sex, Alex likes to switch between oral and anal sodomy without stopping to clean off, thus requiring the absence of any contaminating fecal matter. Tony C. pointed out...that anyone into the anal scene, whether rimming, anal intercourse, or fist-f\*\*\*\*\*g, has to have taken adequate preparations to be clean [sic]. The first sign of fecal matter suspends all interaction." (1)

We repeat here the question we ask on page 3 of *The War Against Halakhah*:

Do you really want your children to be exposed to this sort of filth, which the corrupt media [including apparently the *Jewish Chronicle*] describe as *gay*?

Ironically, page 2 of the same issue of the *Jewish Chronicle* contained an article, *Gay protest fails to mar New York's Salute to Israel Parade*. (2) Orthodox Jews have continually opposed the obscene *gay rights* movement.

10) Mr Kossoff points to the following quote:

"...we can see...everywhere in the breakdown of the extended family, rising crime and delinquency (especially but not exclusively) among black youths, the high divorce rate among Christians, the subversion of the Church of England and so on."

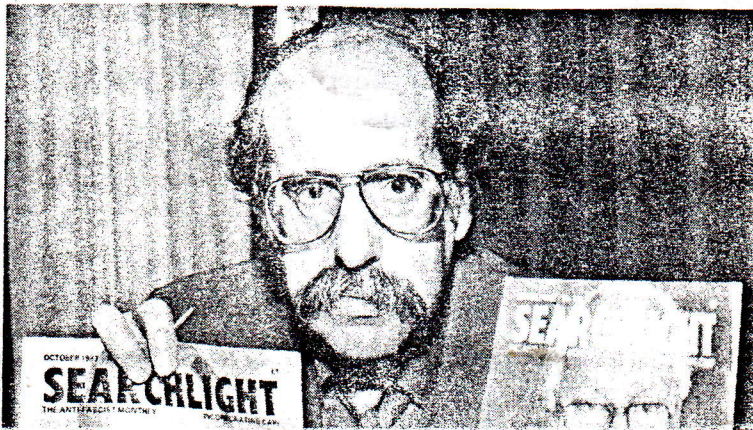

What we would like to ask Mr Kossoff, and his employer, is:

a) How is this quote "anti-Semitic?"

b) Do they endorse the breakdown of the extended family, rising crime, delinquency, high divorce rate among Christians and the subversion of the Church of England?

11) The "cartoon" referred to is not a cartoon, it is the cover of the 1978 edition of the notorious anti-Semitic fabrication *The Protocols of Zion*. (3) As stated, this was included solely as an example of the sort of anti-Semitic poison which is being distributed today. We will be publishing an in-depth article on the *Protocols* in the near future.

12) The charge that we replaced the usual anti-Semitic caricature with that of the face of "Jewish anti-Fascist" Gerry Gable (pictured below) is indeed true. And this is the crux of the matter.

### *Who is Gerry Gable?*

It has often been said that a nation can survive an enemy at the gate but not subversion from within. Anti-Semites have often accused the Jews of treason. (4) The Jewish nation however has never been without its own traitors, in particular the fifth column of communists and fellow travellers who have been infiltrated into the Jewish community in order to perpetuate the vile lie that communism is a Jewish-controlled movement for world domination.

Gerry Gable is not only a communist, he is a man who has exploited his Jewish origins to consciously ferment hatred against the Jewish people. (5) Mr Gable is neither an anti-fascist nor Jewish in any meaningful sense of the word. He is a man who has befriended known anti-Semites and Nazis, (6) continues to associate with them, and preys on the Jewish community like the parasite he is.

In the early 1960s, he was associated with the violent 62 Group, a so-called "anti-fascist" organisation which openly attacked fascists. Fascism is a totalitarian philosophy and should therefore be opposed by all who wish to preserve democratic institutions. (7) It should be noted however that not all fascists are anti-Semitic. (8) But what better way to make them anti-Semitic than by continually inciting Jewish thugs to attack them?

Gerry Gable's organisation has fed a constant stream of lies and just plain misinformation to the print and telecommunications media in Britain since the 1960s. To cap all this, Gable has proven connections with both the British secret state and the violent (and anti-British) Red Action. (9)

### *Gerry Gable and the Jewish Chronicle*

Although he does not write for the *Jewish Chronicle*, the hidden hand of Gerry Gable and *Searchlight* magazine can be detected behind practically every smear and scare story on the extreme right that has appeared in the mainstream media in Britain for the past thirty years. Gable's connections with the British secret state have been known to the *Jewish Chronicle* and to the rest of the British media since at least 1980, yet the "organ of British Jewry" obviously continues to utilise his "information". (10)

Julian Kossoff's article on Anglo-Hebrew Publishing and *The War Against Halahkah* has all the hallmarks of a typical Gable/*Searchlight* smear job. (11) Until Gable's and *Searchlight*'s stranglehold over the British media in general and the Jewish media in particular has been broken, the Jewish people will continue to be fed a pack of lies about the supposed resurgence of Nazism, and to be exploited in numerous other ways for the basest of motives.

If you want to read *chutzpah*, buy the *Jewish Chronicle*. If you want to read the truth, subscribe to Anglo-Hebrew Publishing.

## UPDATE: Board of Deputies Resort to Gestapo Tactics to Suppress Anglo-Hebrew Publishing - Wire Pullers Revealed

The *Jewish Chronicle* is not the only diseased organ of the self-styled Anglo-Jewish establishment. On the morning of the 26th May, the home of one of Anglo-Hebrew Publishing's editors was raided by the police, and his computer was confiscated (stolen), together with a large quantity of our publications, and his personal correspondence.

The officer in charge of the case, Detective Sergeant Chaney, claimed he was investigating both an attempt to obtain money by deception, and the distribution of anti-Semitic material.

Although he claimed not to have a political brief, he was quite clearly acting under pressure from the fascistic (and paranoid) entity (mis)named the Board of Deputies of British Jews, which claims (erroneously) to speak for all Britain's Jews. (No organisation can speak for anyone except its own members).

When DS Chaney was unable to substantiate the deception charge, he made a number of curious allegations about the alleged anti-Semitic and obscene content of our publications.

We had used a paragraph heading *The Talmud and Homosexuality* in one of them. He used this to imply that we had asserted that the *Talmud* condones homosexuality. By the same logic, *The Police and Crime* would infer that the police condone crime.

DS Chaney then claimed that we were in breach of Post Office regulations by sending descriptions of homosexual activity through the post and would face prosecution. Presumably he intends also to issue summonses against *Gay Times*, every other homosexual and pornographic journal in the country, and a large number of medical and scholarly journals which unquestionably do the same thing.

Unable to pin anything firm on our editor, DS Chaney next resorted to the innuendo so beloved of the lackeys of political Zionism. He insinuated that he must be anti-Semitic because he admitted to associate membership of the Islamic Party of Great Britain, (which includes a subscription to the Party's theoretical journal, *Common Sense*). DS Chaney then claimed that a pamphlet our editor had published in defence of *shechita* was a thinly veiled attack on Jews. As this pamphlet has recently been hailed by a prestigious Libertarian journal as a masterful exposé of anti-Semitic lunacy, this was a curious claim indeed to make. (12)

Finally, he suggested that anyone (presumably any Gentile) who researched or published anything on Jewish issues must be either an anti-Semite or mentally unbalanced. By the same logic, only the police should research or write about the police. Where would this have left the Guildford Four, Birmingham Six and Cardiff Three, one wonders?

Although the police may be excused as dupes of the state, the attitude of the Board of Deputies is even more remarkable in that they had already seen a draft of our forthcoming publication on Jewish Ritual Murder. They have also ignored a request to supply any information on the activities of two well-known anti-Semites: Martin Webster and David Irving.

It is a staple of anti-Semitic propaganda that Zionism, rather than being averse to anti-Semitism, consciously nurtures it. Whether or not this is true of the Zionist movement as a whole, it is certainly not untrue of the Board of Deputies, which, presumably, wants to keep Jews feeling just a little uncomfortable, and the shekels rolling in.

It is also well-known that anti-Semites believe the Board of Deputies to be the British branch of the Elders of Zion. Unfortunately, that belief appears to be shared by the Board itself, whose suppression of free inquiry and free speech has taken a frightening, indeed Hitlerian, turn.

Everyone who supports free speech, free inquiry and an end to this sort of state repression and bigotry is urged to support Anglo-Hebrew Publishing in our struggle. Donations/inquiries should be sent to the address on the back page of this publication.

(2) David Dinkins the Mayor of New York is quoted as saying that "During the Holocaust, whether you wore a yellow star or a pink triangle, you were oppressed and brutalised. The fate of Jews and gays and lesbians then, as now, was inextricably linked."

To link the persecution of the Jews by Nazi Germany to sodomy and sexual perversion is an insult to the dead. The following issue of the *Jewish Chronicle*, May 21, (page 2), ran a story, *New York Conservatives fire homosexual rabbi*, which reported that a 37 year old rabbi had been dismissed from his post after "coming out".

(6) Gerry Gable's wife is a former member of the National Front. \* Gable himself has a long time working relationship with so-called "Nazi mole" Ray Hill.

Hill claimed to have worked undercover for *Searchlight* between 1979 and 1984 after having (secretly) renounced *racism* and anti-Semitism in South Africa in 1979. But an article published in a 1988 issue of *Spearhead*, the theoretical journal of the anti-Semitic British National Party, paints a different picture. It is claimed here that Hill had waged a hate campaign against a Jewish businessman as late as 1987. Mr George Lewis was facing charges of indecently assaulting young males. But let *Spearhead* tell the story:

"[Mr Lewis] suggested that witnesses against him had conspired to try to get him convicted...[He] claimed that the vendetta was led by the father of two of the main prosecution witnesses...[and] that the man knew he had been deported from Zimbabwe for sex offences and had later been jailed in this country for indecent assault...Mr Lewis, who is Jewish, also claimed that the man trying to blacken his name was himself 'anti-Jewish'..." \*\*

The man in question was Ray Hill.

Although Mr Lewis had previous convictions for sex offences, the jury acquitted him. Clearly they found the word of a convicted sex offender more convincing than that of a man like Mr Hill.

Hill's name currently appears on a column in *Searchlight*. \*\*\*

(7) Communists are most definitely *not* defenders of democracy; the reason they are so violently opposed to fascism is because it is a rival movement. Communism has exploited, oppressed, and indeed murdered the Jewish people.

(8) The late Sir Oswald Mosley was unthinkingly branded anti-Semitic, but up to his death he maintained that he was not. \* When he founded the British Union of Fascists, Jews were not excluded from membership, and in fact there were several Jewish members. It was only after BUF members were constantly attacked by Yiddish-speaking thugs - Mr Gable's predecessors - that the BUF adopted a policy of excluding Jews.

\* In a letter published in the *Jewish Chronicle*, 12th October 1979, Sir Oswald, replying to a correspondent, wrote:

"Sir, - Mr Steele's letter merely confirms what I wrote. Not a single quotation from what I said, only expression of opinions of some Jews. By 1937 the campaign for war was actively pursued by some people, and no doubt led to violent arguments on each side. This had nothing to do with antisemitism, which I always opposed."

(9) An excellent and thoroughly researched article on Gerry Gable and *Searchlight* magazine, can be found in the left wing magazine *Lobster*. *Our Searchlight Problem* appears in issue 24, (December 1992). The same issue also reprints the notorious *Gable Memorandum* to the Security Services in which he attempted to smear a left wing journalist as a terrorist.
